ACKS FROM MOTORSPORT EXPOTECH

ne feedbacks from:

LAURENCE BRISTOW-SMITH - BRITISH CONSULATE GENERAL

"I was very impressed with Motorsport Expo Tech. There were 28 British companies with representatives present at the show and they were very positive about their experience. What impressed them most was that it was immensely focussed. They were looking for people with whom they could establish not just a general relationship, but a working relationship based on shared appreciation of technical problems and technical solutions. It was show for professionals and also quite clearly organised by professionals. UK Trade & Investment will certainly be back next year."
