1st NEWSLETTER MOTORSPORT EXPOTECH - 28th of April 2008

Why attend Motorsport Expotech '08

Motor racing not only involves competitive events but also represents an industrial and services sector that deserves presentation through a show such as MET. Exhibiting at Motorsport ExpoTech means being involved in the first showcase in Italy entirely dedicated to motor racing, means the certainty of contacting an expert and professional audience taking part to meet new suppliers, products and services. The impressive calendar of conventions coordinated by Assomotoracing is equally not-to-be-missed event in the event. For all information, exhibitor list and exhibition area reservations:

CSAI (Italian Motorsport Racing Commission). Federation Patronage

In view of the strong innovative character of the project, the Italian Motorsport Racing Commission has granted its patronage for the event and is planning a series of initiatives including its own stand to present its offering of championships and services for Italian touring driving and the organisation of a specific meeting (the title will be announced shortly).
